Junior Visualiser

FYI| Mumbai | Full-time

About FYI

FYI Group is a multidisciplinary strategy and creative company specialising in the built environment. With 15 years of industry experience, we work with leading brands across architecture, design, real estate, construction and infrastructure.

Our eight specialised practices, **Strategy, Experience, Studio, Design, Intelligence, Platforms, AI and Ventures**, bring together creative, strategic and technological expertise to build brands, experiences, digital solutions and industry-led initiatives.

The Role

We are looking for a **Junior Visualiser with a strong aesthetic sensibility, an eye for detail and a genuine curiosity for design and visual storytelling.**

You will work closely with our creative team to bring ideas to life across brands, campaigns, digital platforms, publications and experiences.

We value proactive, resourceful individuals who are eager to learn, open to experimentation and committed to producing thoughtful, high-quality work.

What You'll Do

- Assist in developing visual concepts, layouts and design assets across branding, digital, print and experiential projects.
- Translate creative briefs into engaging visuals under the guidance of senior designers and art directors.
- Work on presentations, social media creatives, website assets, publications and campaign collaterals.
- Research visual references, develop moodboards and contribute ideas during creative brainstorming.
- Experiment with AI-assisted image generation and emerging creative tools to enhance design output.
- Ensure consistency in typography, composition, imagery and overall visual quality.
- Manage assigned tasks efficiently, incorporate feedback and deliver work within agreed timelines.

Who We're Looking For

- **0 to 2 years of experience** in graphic design, visual communication or a related creative field.
- A portfolio demonstrating strong visual sensibility, creativity and attention to detail.
- Proficiency in Adobe Photoshop, Illustrator and InDesign, with working knowledge of Figma.

- A good understanding of typography, layout, colour and composition.
- A proactive, hands-on attitude with a willingness to learn, experiment and take ownership.
- Strong attention to detail, organisational skills and the ability to meet deadlines.
- Curiosity about architecture, design, visual culture and emerging creative technologies.
- **An added advantage:** A background in architecture or spatial design, or prior experience working with brands in architecture, real estate, design or the wider built environment.

We are looking for a curious, driven creative who brings fresh perspectives, takes initiative and is eager to grow with the team.
